

2022 LEGISLATIVE ACTION AGENDA

**MIAMI-DADE COUNTY LEAGUE OF CITIES
2021-2022
EXECUTIVE BOARD**

President
Hon. Joseph Corradino
Mayor, Village of Pinecrest

First Vice President
Hon. Juan Carlos Bermudez
Mayor, City of Doral

Second Vice President
Hon. Rodney Harris
Mayor, City of Miami Gardens

Secretary
Hon. Anthony DeFillipo
Mayor, City of North Miami Beach

Treasurer
Hon. Crystal Wagar
Councilwoman,
Village of Miami Shores

Immediate Past President
Hon. Keon Hardemon
Commissioner, Miami-Dade County

Dear Colleagues:

The 2022 Florida Legislative Session is here and there are many issues that will impact our cities across this county. This year more bills impacting our municipal local governments. This year we will be focusing on supporting the State League of Cities agenda as well as that of the Miami Dade County School Board. A heavy emphasis is on protecting our Home Rule authority and not losing any more power to the State or County. It's critical that our local and regional needs get funded and that we maintain our ability to determine the direction of our own communities.

We have proven in the past that we are much stronger when acting together. I'm looking forward to showing that again.

Sincerely,

Joseph Corradino
MDCLC President
Mayor, Village of Pinecrest

Miami-Dade County League of Cities 2022 State Legislative Priority Positions

Communications Services Tax Reform*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** reforming the Communications Services Tax in a manner that is revenue neutral; provides for a broad and equitable tax base; provides for enhanced stability and reliability of an important revenue source for municipalities; and provides for a uniform taxing method. Reform should promote a competitively neutral tax policy that will free consumers to choose a provider based on tax-neutral considerations.

Economic Development Incentives*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation and policies that encourage coordination among Enterprise Florida, the Department of Economic Opportunity, other state agencies and cities to promote local economic development by providing increased funding, technical assistance and increased collaboration between the state and cities on offering incentives that maximize economic development opportunities for retention, expansion, and attraction, and building sustainable economic resiliency.

Short-Term Rentals*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation that restores authority to local governments for the regulation of short-term rental properties as necessary for quality of life, public safety and a fair lodging marketplace. The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation clarifying that existing, grandfathered municipal short-term rental ordinances can be amended without penalty. The Florida League of Cities and the Miami-Dade County League of Cities **OPPOSE** legislation that preempts municipal authority as it relates to the regulation of short-term rental properties.

* Adopted from the Florida League of Cities 2022 Legislative Action Agenda.

Transportation Funding*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation:

- Directing the Florida Department of Transportation to establish a grant program to provide financial assistance for the installation of publicly available electric vehicle charging infrastructure on public or private property
- Providing technical assistance for the development and adoption of local or regional plans for charging infrastructure and associated equipment
- Identifying additional transportation revenue to support innovative infrastructure and transit projects to meet the surging transportation demands driven by dramatic growth throughout Florida.

Tree Protection*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation to close loopholes and create standards in current law exemptions from municipal tree ordinances that have caused litigation and abuses, including the clear-cutting of land pre-development and the removal of healthy trees that present little, if any, risk to persons or structures. Current law should be amended to apply only to developed single-family residential property, identify industry-appropriate standards for assessing tree risk and identify necessary documentation.

Local Business Tax Preservation*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation that preserves general revenues collected from the local business tax. These revenues are used to fund essential municipal services such as public safety, and constructing and maintaining roads and bridges, public parks and open spaces. Maintaining a diversified revenue base also strengthens the fiscal stability of municipalities and improves their respective ability to serve citizens and businesses.

* Adopted from the Florida League of Cities 2022 Legislative Action Agenda.

MIAMI-DADE COUNTY PUBLIC SCHOOLS 2022 STATE LEGISLATIVE PRIORITIES

Annexation*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation that facilitates the municipal annexation of unincorporated areas while protecting private property rights and respecting municipal boundaries.

Cybersecurity*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation dedicating state resources for the development and enhancement of municipal cybersecurity by providing funding for technical assistance, threat assessments, employee training, infrastructure improvements and data protection, including the protection of exempt and confidential information such as law enforcement personnel information and security plans for government buildings and other key critical infrastructure.

Affordable Housing*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislation that requires all money from the Sadowski State and Local Housing Trust Fund be used only for Florida's affordable housing programs targeted to meet the needs of workforce housing, including low income, very low income and disabled persons, for both home ownership and rental unit availability.

Per- and Polyfluoroalkyl Substances (PFAS)*

The Florida League of Cities and the Miami-Dade County League of Cities **SUPPORT** legislative action to address growing concerns about PFAS in soil and water, including coordinating with the Environmental Protection Agency to establish science-based cleanup target levels, providing resources for testing and research, public education and risk assessment guidelines, establishing liability protection for entities that have legally used PFAS for fire suppression or have passively received PFAS, and developing cost-effective and risk-based corrective strategies for PFAS.

* Adopted from the Florida League of Cities 2022 Legislative Action Agenda.

FUNDING

Increase the state's investment in K-12 education by increasing the Base Student Allocation (BSA) by at least five percent and maintain the full calculation of the Required Local Effort (RLE).

Ensure that any changes to the District Cost Differential include cost differences integral to educational institutions' operations reflecting such costs as average teacher salaries, health insurance for employees, property insurance per FTE, housing, and transportation costs per FTE.

Ensure PK-12/school districts are included in the allocation of new revenue from sources such as the Seminole Gaming Compact and tax on internet sales.

Extend the authorization of the locally voted levy for operating purposes from four years to up to 10 years.

Provide maximize flexibility with all federal stimulus monies

Support additional flexible funding to offer an extended school day and year beyond 180 days for all students to address learning loss due to COVID-19.

GOVERNANCE

Support constitutionally elected local school boards and elected or appointed superintendents' authority to supervise all public schools.

Oppose any legislation that reduces school board authority over charter schools, such as alternate authorizers or the establishment of charter school systems to serve as Local Educational Agencies.

TEACHERS/PERSONNEL

Continue to invest in teacher salaries by continuing to fund the Teacher Salary Increase Allocation as a separate categorical as well as implement and fund strategies such as teacher fellowships and loan forgiveness programs to encourage and attract talented students to enter the field of education.

Amend F.S. 1012.21 (2) to include Pre-K staff in the definition of "Instructional Personnel."

Ensure that Pre-K teachers are included in all funding opportunities and benefits afforded to K-12 teachers such as the extension of the Deferred Retirement Option Program to 96 months.

ACCOUNTABILITY AND ASSESSMENT REFORM

Use State Assessments in the 2020-2021 school year as a baseline for accountability measures for FY22 and to be used by each district as deemed helpful for school and student purposes.

CAPITAL FUNDING

Support the state fully funding charter school capital outlay and ensure that sharing school board's Local Discretionary Capital Outlay levy revenue with charter schools is permissible and not required for school districts.

SCHOOL READINESS

Expand funding for the Voluntary Prekindergarten (VPK) Education Program sufficient to cover the cost of a full-day Pre-Kindergarten Program.

SCHOOL SECURITY/STUDENT SAFETY

Increase funding significantly for mental health services for students to facilitate the hiring additional school counselors, social workers, psychologists, school nurses, and/or emergency medical personnel.
